## COMBINE WORLD-CLASS PILOT TRAINING WITH THE SECURITY OF AN ACCREDITED BSC DEGREE.

After ground school, you will begin your [BSc Degree in Air Transport Management with Airline Pilot Training](#), studying alongside the other core elements of the Integrated LEAP course. Delivered in conjunction with [Buckinghamshire New University](#), the programme integrates academic learning with professional pilot training, providing a strong foundation for a career in aviation.

### KEY BENEFITS

Stand out in a competitive industry

Airline management roles require a degree

Safety net - can aid in securing an alternate role

Learn new skills and knowledge for interviews

Develop an understanding of the aviation industry

## A DEGREE STRUCTURED TO SUPPORT FLIGHT TRAINING.

The degree features five modules, of which more than half consist of flight training. We carefully plan out the degree content to allow focus on ground school and flight training, so there's no need to be concerned with the extra workload! In addition to this, the ATPL exams & advanced training count toward degree credits.

### COURSE CONTENT

- Aircraft General Knowledge
- Instrumentation
- Meteorology
- Human Performance & Limitations
- Principles of Flight

### REQUIREMENTS

- 5 modules
- 3 essays
- 2 presentations
- 0 exams!
